3/4P felt that people who are in remind/reset, they would like it to be possible for them to improve but at the moment, they have to stay there. They think they should stay there if they are in remove.

Class Meetings week beginning 23.4.18

1. The new school values are courage, responsibility, compassion. Discuss what they think each of them mean (teachers/school council please write notes as we will use this to incorporate into the final wording) Please design picture for each value so that they can be displayed around both sites - pick children to do a design for each - then bring these to the next school council meeting.
2. Thank you for voting on attendance prizes - the winning suggestions will be discussed with Miss Anatola and we will let you know what is going to happen at the next class meeting.
3. Thank you 3/4P for your remind/reset suggestions - Miss Anatola, Mrs Kirton and Miss Anderson will discuss this at their next meeting and let you know the outcome.
4. Is there anything else you would like the school council to talk about?

*you do not need to complete agenda point 1 if your class completed it last time. Please remind the school council children to bring the symbol designs to the next school council meeting.
