### ABOUT EACH

East Anglia's Children's Hospices (EACH) helps families make the most of their precious time together and create memories that last forever.

We support families and care for children and young people across Cambridgeshire, Essex, Norfolk and Suffolk. Our services include nursing care, short breaks, wellbeing activities, therapies and counselling.

Families can receive their care at one of three hospices at Milton (Cambridge), Quidenham (Norfolk) and The Treehouse (Ipswich) or choose to receive support in the family home or community, including in schools.

"Our most treasured memory from our time at EACH was when, after realising we wouldn't be able to spend Christmas together as a family, the staff arranged for Santa to visit Teddy and Tallulah at the hospice. Seeing our son's face was priceless. We were given a tree to decorate and hung Christmas lights. The four of us would lay under those lights at night cuddled together – these are memories that we'll have forever." **Tallulah's mum**

By supporting this project you will be helping us make more memories for more families
