

Easter Holiday Activities

Here are some Easter activities for you and your household to enjoy over the Easter break.

Make some Easter biscuits with ingredients in your house and weigh them out with an adult. You could create a nice decorative bag to put them in.

Count all the different types of flowers in your garden or on a walk. You could record your findings in a tally chart or a pictogram.

Go on an egg hunt or a peg hunt around the garden and house. Write some clues to help you find the next egg/peg.

Create an Easter themed masterpiece. Make it bright and colourful. Use as many different materials and things around the house to make it stand out.

The Easter Bunny doesn't have a basket to carry her eggs in. Can you help her by making one? What shape is the basket going to be? Is your basket going to have a handle? How many eggs can your basket hold? Is there any way you can make your basket stronger?

Enjoy your Easter holiday! Happy Easter!
