

Theme: Mission Space!

We are going to be taking on many different roles as part of our space topic. We will be a part of the mission control team, take part in astronaut training and explore what it is like to travel to space.

English

In KS1 we will be continuing with our non-fiction writing. This week we will be learning about the different features of an information text, planning our writing, and writing our very own information text on what it takes to be an astronaut.

Maths

In Year 1 we will be exploring addition. We will be looking at different strategies to solve problems, including missing number problems.
In Year 2 we will be learning how to solve division problems. We will be using objects and other resources to solve these problems.

Phonics

All the children will be revising key sounds and spellings in their phonics groups.

Theme

In History we will be learning all about the first moon landing and the impact this had on space travel.

In RE we will be exploring why Christmas is important to Christians. We will explore the role of Jesus, his teachings and what lessons can be learnt from his teachings.

Maths Homework

Thank you to all the children who have completed their first maths homework. Please can the children have a go at **exercise three** this week. **It will be due next Friday.**

Multiskills - Year

2

Just a quick reminder to the year 2 children that we have our multiskills event at Hellesdon High School coming up on Friday 23rd November. If permission slips have not yet been returned, please could they be handed in as soon as possible. Thank you!

'What three items would you take into space? Why?'
Discuss.

Spellings

Please practice your spellings at home.

Year One Spellings

We will be sending home individual spellings for the children to have a go at learning.

Year Two Spellings

1. Clothes
2. Busy
3. People
4. Water
5. Again
