

## Theme: Mountain Rescue

HELP!! We have had an urgent call to our medical centre. One of our climbers for the new Planet Earth 3 documentary has injured themselves whilst climbing a mountain. We must assemble a team to plan our rescue...

### English:

In year 1 we will be writing newspaper reports about the mountain rescue. We will be identifying newspaper features and using time connectives to sequence our writing.

In Year 2 we will be making an information text about different countries around the world. We will be exploring different language, genre and layout features; for example, captions and headings.

### Maths

In Year 1 we be exploring number bonds to 20 and subtraction facts within 20. We will be going on number hunts, playing bingo and problem solving.

In Year 2 we will be exploring data. We will focus on reading and constructing our own tally charts, pictograms and block diagrams.

### Phonics

We will be completing our phonics learning in class this week.

Please continue reading with your child at home.

### Science

As part of our science learning we will be identifying a variety of different plants from across the world. We will focus particularly on the different conditions and habitats they grow in, and other needs for survival.

### Cardboard Boxes

As part of our DT project we will be needing a considerable amount of cardboard. If you have any cardboard boxes that you do not mind donating to school as part of our project, we would be very grateful!

### Year 2 Transition to Mill Lane:

Year 2 will be visiting Mill Lane next Wednesday, Thursday and Friday. Please drop off your children at Holt Road on Wednesday morning and we will walk them up to Mill Lane. If you are available to walk with us on Wednesday morning, please let your class teacher know. The children will need to be collected from Mill Lane on Wednesday. Children need to be dropped off and collected from Mill Lane on Thursday and Friday.

### RE Big Question:

'What is God like?'  
Discuss.

### Homework Challenge

Why not have a go at researching different plants from around the world...

Have a go at creating an information poster about the plant. It could include:

- A labelled diagram
- Factual sentences
