

Dear Parent,

Over the last few weeks we have been supporting the EDP and Active Norfolk with their campaign to increase the number of children swimming. With this in mind at Norwich Penguins we have created an unmissable offer for children who are at the early stages for learning to swim.

We are offering children who are new to the Norwich Penguins the chance of **5 free lessons when five are booked** and paid for, for beginner swimmers. This offer is exceptional and will go a long way to preparing your child to be water safe this summer. The places are subject to availability but we teach at 13 school swimming pools near you and many of you will have local access to school nearby.

We have attached a leaflet for you to see where we provide lessons and hope that you can join us soon.

We also have Summer Holiday Intensive lessons which are great fun and provide a great opportunity to reinforce skills during the summer holidays.

For more information please e mail us at norwichpenguinslts@gmail.com and we will help you to find a slot that will suit you. Contact us before the 6th May to make the most of this fabulous offer.

Kind regards
Norwich Penguins
