"Unrivalled choice on a wide range of budget to high performance tyres"

14	36	15	5	62	6
92	10	20	7	3	93
1	2	105	4	242	

(This is a fun family trail, naturally we'd expect all children to be supervised by a suitable adult. Please use common sense, take care when crossing roads, and use footpaths wherever possible.)

Starting the trail at the park...

- **How many swings, in total, are at Horsford Village Park?**
- **At the basketball court, how many hoops are there?**

Exit the park. Carefully make your way through the car park (beware of moving vehicles) to the footpath at Holt road, turn left towards the Doctors Surgery...

- **Looking at the front of the Methodist Church, can you see a year? What are the last 2 numbers of the year? 18.....**
- **Carrying on along Holt road, look to the right across the road. What is the speed limit on Brooks road?**

Continue along Holt road, take care crossing Gordon Godfrey road, making your way to the Doctors Surgery...

- **What are the last two digits of the Pledger Pharmacy phone number? 01603 8939.....**

At the Doctors Surgery turn left into Pyehurn Lane, be aware of cars as there are no footpaths here.

Look out for the lambs in the fields to the right!

Just past the farm entrance, on the left is a cycle/footpath, follow this path all the way to its end on Horsbeck way.

- **How many green bins do you pass on this path?**

At the end of this path, turn right towards Holt road.

- **Can you see a bus stop? Which number bus serves the village?**
- **Close to the entrance to Beckside you will pass a green box, what number is on the side of it?**
- **Passing Hyper on your right, you will find their opening times on their gate, what time can you play until on Saturdays?**
- **The last lamp post on Horsbeck Way, before Holt road, has a number on it, what number is it?**

When you reach the Holt road again, turn left, back towards the park.

- **What is the house number on the wall outside Becklands Guest House?**
- **How many bike stands are outside the Co-op?**
- **What are the last 2 digits of the phone number on the front of Keeler's Butchers?**
- **Outside of the fish and chip shop are some concrete posts, how many are there?**
- **There is a lamp post right outside our school on Holt road, what number is written on it?**
- **What year was Horsford Village Hall built? 19.....**

Now you should be left with one number that hasn't been used!
Write this in the 'winning number' space at the top of the page.

**Now go and have some fun at our brilliant village park!
Have a lovely Easter holiday!**
