

## Oh, We Do Like To Be Beside the Seaside....

Week beginning 13<sup>th</sup> July 2020

### Writing Challenge Ideas...

- Watch or share a beach story together, e.g. The Storm Whale, The snail and the whale. Write about your favourite part with your own illustration. Can you use the word 'because' in your sentence?
- Make a list of the things you would see at the seaside, using a sound mat to help you.
- Cut and stick to create your own seaside picture-can you add a sentence about your favourite thing to do at the seaside?
- Watch the powerpoint 'What can you see?', looking at the picture clue and writing down what you think it might be. Check and see! Were you right?
- Write a seaside postcard message to a friend, using a sound mat to help you.

### Maths Challenge Ideas...

- Complete the seaside missing number challenge, working out which numbers are missing and writing them in.
- Play I spy and count, counting up the number of each seaside object and recording the number, remembering DJ Neave's number rap.
- Create your own seaside board game, write the numbers in each space, add your own pictures and use two dice to play it together.
- Play the I spy and add challenge, counting up the objects and adding them together to find the total amount.
- Welcome to the ice cream shop! Count up the different coins to find the total and record the number, practising your number formation.
