

# Astro Girl

Week beginning 16<sup>th</sup> May 2022

## This week in phonics...

We will be learning to read and write words/ sentences containing blends, digraphs and trigraphs.

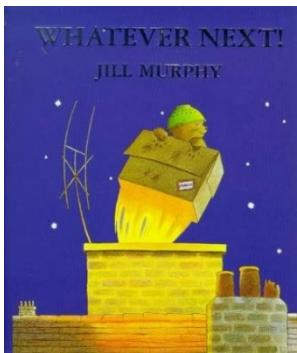

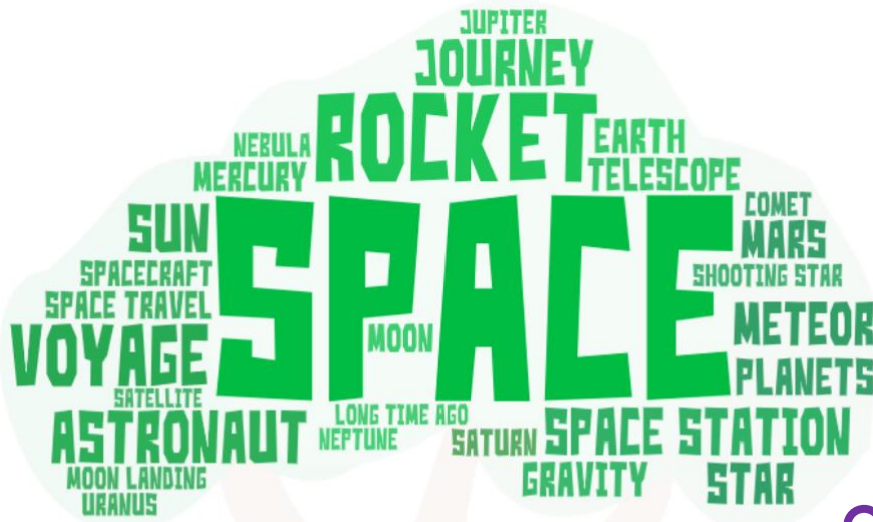

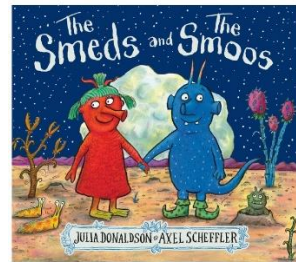

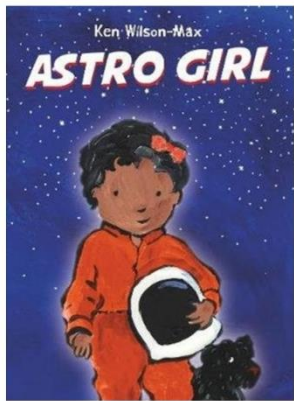

We are learning to read all the previously taught tricky words, as well as learning how to spell 'some', 'come' and 'little'.

## Why this 'theme'?

We have chosen this theme as some of the children have been particularly interested in space and the Planets. This also ties in with our special 'Space' themed lunch on Thursday.

## This week in maths...

We will be exploring taking away using the ten frames, number tracks and objects.

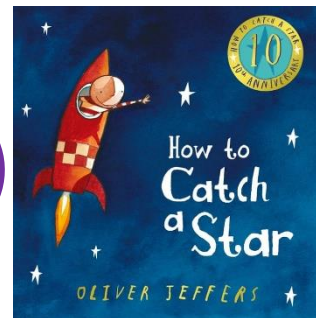

## Did you know...

The word astronaut comes from the Greek words 'astron' meaning star and 'nautes' meaning sailor.

## I wonder...

Would you rather be an astronaut or a palaeontologist? Why?

Things your child can do at home: Watch videos about space and the moon landing, share space fiction and non-fiction books together, draw or collage pictures of our solar system, make a space fact file all about the different planets, talk about the past at home together to build up their knowledge of time.

Homework: Bring in a photograph of a special memory you have had as a family.

## We are a Church of England School...

We say a prayer before lunch each day.

In our daily collective worship, we will be exploring this half-term's theme of 'Trust'

This week's song: *Shine Jesus shine.*

School Values:

Compassion • Courage • Responsibility

## PE

We will be starting PE on Friday 20<sup>th</sup> May and will then take place every Friday from then on. Children will need to come to school on that day in shorts/ jogging bottoms, t-shirt/top and trainers.
