

# There Once is a Queen

## Week beginning 23<sup>rd</sup> May 2022

### This week in phonics...

We will be learning to read and write words/ sentences containing blends, digraphs and trigraphs.

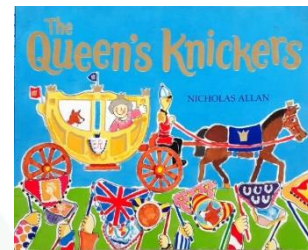

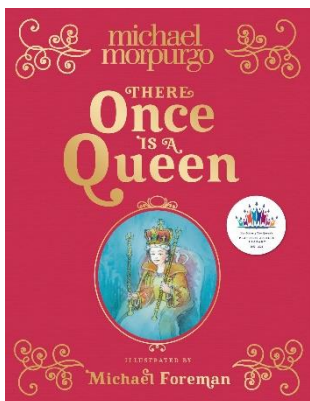

We are learning to read all the previously taught tricky words, as well as learning how to spell 'one', 'heard' and 'were'.

### This week in maths...

We will be developing the children's spatial reasoning, using 2D shapes to create different patterns and pictures.

### Why this 'theme'?

We have chosen this theme as it is such a special occasion 'The Queen's Jubilee' and we wanted to commemorate this special event. We plan to finish the week with our own Jubilee party in class.

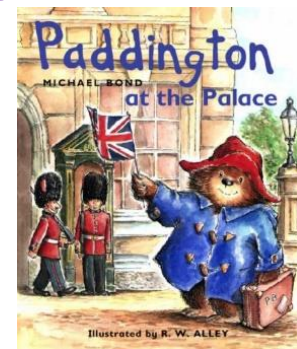

### Did you know...

Queen Elizabeth II will be the first British monarch to celebrate a Platinum Jubilee.

### I wonder...

Would you rather live in a palace or a castle? Why?

**Things your child can do at home:** Share stories and information books about the Queen, finding out facts about her, make a card for the Queen, draw your own or decorate a Union Jack flag.

**Homework:** Choose a party food recipe and work with a grown-up to follow instructions and make it.

### We are a Church of England School...

We say a prayer before lunch each day.

In our daily collective worship, we will be exploring this half-term's theme of 'Trust'

This week's song: *God save our Queen.*

School Values:

Compassion • Courage • Responsibility

### Our own Jubilee celebration

On Friday 27<sup>th</sup> May we will be having our own Jubilee celebration in class. There will be music, dancing and party food to share together.

If you have any party food (e.g. biscuits, cakes, crisps) that you would be able to donate for this occasion that would be brilliant.

Please make sure these don't contain nuts. Thank you in advance! 😊
