

Mad about minibeasts

Week beginning 25th April 2022

This week in phonics...

We will be learning to read and write multi-syllabic words (e.g. thundering, helicopter).

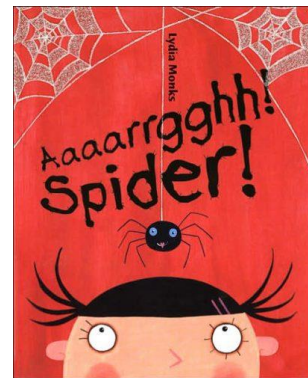

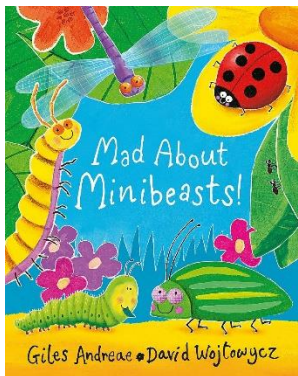

We are learning to read all previously taught tricky words, as well as learning how to spell 'like', 'are' and 'her'.

Why this 'theme'?

We have chosen this theme as the children have been particularly interested in the minibeasts in our outside area and have been keen to take care of them and make homes for them.

This week in maths...

We will be exploring numbers beyond 10, exploring different ways of representing these.

Did you know...

The largest earthworm found in the UK was 40cm long- more like the size of a small snake.

I wonder...

I wonder if minibeasts love each other? Why?

Things your child can do at home: Share minibeast stories and non-fiction books together, find out a fun fact to share in class, build your own minibeast habitat in the garden and watch to see which minibeasts come to visit, plant flowers for the bees and butterflies, paint, draw or junk model minibeasts.

Homework: Go on a minibeast hunt. Draw pictures and label those you find.

We are a Church of England School...

We say a prayer before lunch each day.

In our daily collective worship, we will be exploring this half-term's theme of 'Trust'

This week's song: 'Shine Jesus shine'

School Values:

Compassion • Courage • Responsibility

Secret Reader...

We still have slots available for our 'Secret Reader'. Please speak to Mr Neave or Miss Thurston if you would like to come into school to do this. 😊
