

Year 3/4 Indoor Home Learning Activities

Find 10 coins. What is the total? Make calculations using some of these coins.	Make a cake with an adult. Design a poster to advertise your product!	Go on a number hunt around the house. Create calculations using the numbers you have found.	Choose a book title. Act it out in front of your family. Can they guess your book title?	Choose your favourite fairy tale and write an alternative ending.
Design your own board game. Write instructions to explain how to play.	Draw a picture of your favourite animal. Create a fact file to share with a friend!	Write a book review for a friend. Remember to use the correct punctuation.	Interview an adult. Ask them about their life. Write their autobiography.	Create a robot using empty boxes and bottles.
Make a cake with an adult. This time practice cutting it into $\frac{1}{2}$ then quarters and so on. Practice your equivalent fractions.	Measure the perimeter of each room (the distance around the edge of the room). Which room has the greatest perimeter?	Find objects around the house. Create alliterative sentences. Find as many words that start with the same letter as that object!	Look at prices on a receipt. Can you find different combinations of coins you could use to pay?	Write a review of your favourite film. What did you like about it? What was your favourite part?
Design your own video game. You must create a story board to describe what happens. What is the aim of the game? Are there different levels?	Learn all of the lyrics to a song.	Draw a portrait of a member of your family.	Make an Easter card.	Write a poem about today's weather. Use similes and personification if you can!
