# e-safety

The internet can be a fantastic place for children and young people where they can talk to friends, be creative and have fun. However, just like in the real world sometimes things can go wrong.

Some useful tips

Always remember to...

ZIP IT
Keep your personal stuff private and think about what you say and do online.

BLOCK IT
Block people who send nasty messages and don't open unknown links and attachments.

FLAG IT
Flag up with someone you trust if anything upsets you or if someone asks to meet you offline.

Always ask a grown up before you use the internet. They can help you find the best thing to do.

Don't tell strangers where you live, your phone number or where you go to school. Only your friends and family need to know that.

Don't send pictures to people you don't know. You don't want strangers looking at photos of you, your friends or your family.

Tell a grown up if you feel scared or unhappy about anything

Visit the sites listed below to supplement the work that goes on in school and help keep your child safe.
